Need barcodes in Filemaker?

Disappointed with the way
barcode fonts offer no versatility?

If you are then you need Barcode
for Filemaker.

Barcode for Filemaker, gives you
full control over size shape and
even bar width reduction from
within Filemaker as an external
function.

The external function is easy to
use and comes with instructions
and even a sample FileMaker
application to get you started.

The codes are accurate and allow
bar width reduction in 50 micron
steps.
